FOR ALL YOUR SUPPLY NEEDS

RIG SUPPLIES | VALVES | FITTINGS
PIPES | HOSES | CHEMICALS

EQUIPMENT YOU CAN RELY ON

From tanks to pumps, transfer solutions, and surface rentals, we provide the essential equipment needed to keep your oilfield operations running smoothly. Our extensive lineup is designed for durability and efficiency, helping you get the job done right.

TANKS

FLUID HANDLING SOLUTIONS BUILT FOR PERFORMANCE & LONGEVITY

PRE-MIX TANK

Reliable Solutions for Fluid Handling

Pre-Mix Tanks from Thomas Oilfield Services are built to meet the rigorous demands of oilfield operations. With a high-capacity design and powerful top-mounted agitators, these tanks ensure precise chemical blending to support drilling and completion jobs. Equipped with dual electric motors and optimized for large-scale performance, they are essential for mixing drilling fluids, chemicals, and additives in the field, delivering consistent and efficient results to keep your operations running smoothly.

KEY FEATURES

- 200-600 BBL CAPACITY
- SINGLE AND DUAL ELECTRIC MOTORS
- TOP-MOUNTED AGITATORS
- 480V 3-PHASE
- HOPPER FOR MIXING CHEMICALS

READY TO RENT THOMAS OILFIELD SERVICES

Be prepared for every job with our dependable rental solutions. We deliver high-performance equipment designed to support safety, efficiency, and operational success across your job sites. Backed by expert maintenance and on-time delivery, our rentals ensure you stay on schedule and within budget.

Stay ready to rent with dependable equipment, available when you need it most.

FLAT BOTTOM TANK

High Capacity, Easy Cleanouts

KEY FEATURES

- 500 BBL CAPACITY
- FLAT BOTTOM
- CLEANOUTS
- WHEEL MOUNTED

ROUND BOTTOM FRAC TANK

Max Storage with Efficient Flow

KEY FEATURES

- 500 BBL CAPACITY <<
- DOUBLE MANIFOLD <<
- ROUNDED BOTTOM <<
- CIRCULATING GUN LINE <<
- TANK-TO-TANK WALKWAYS <<

OPEN TOP CUTTINGS TANK

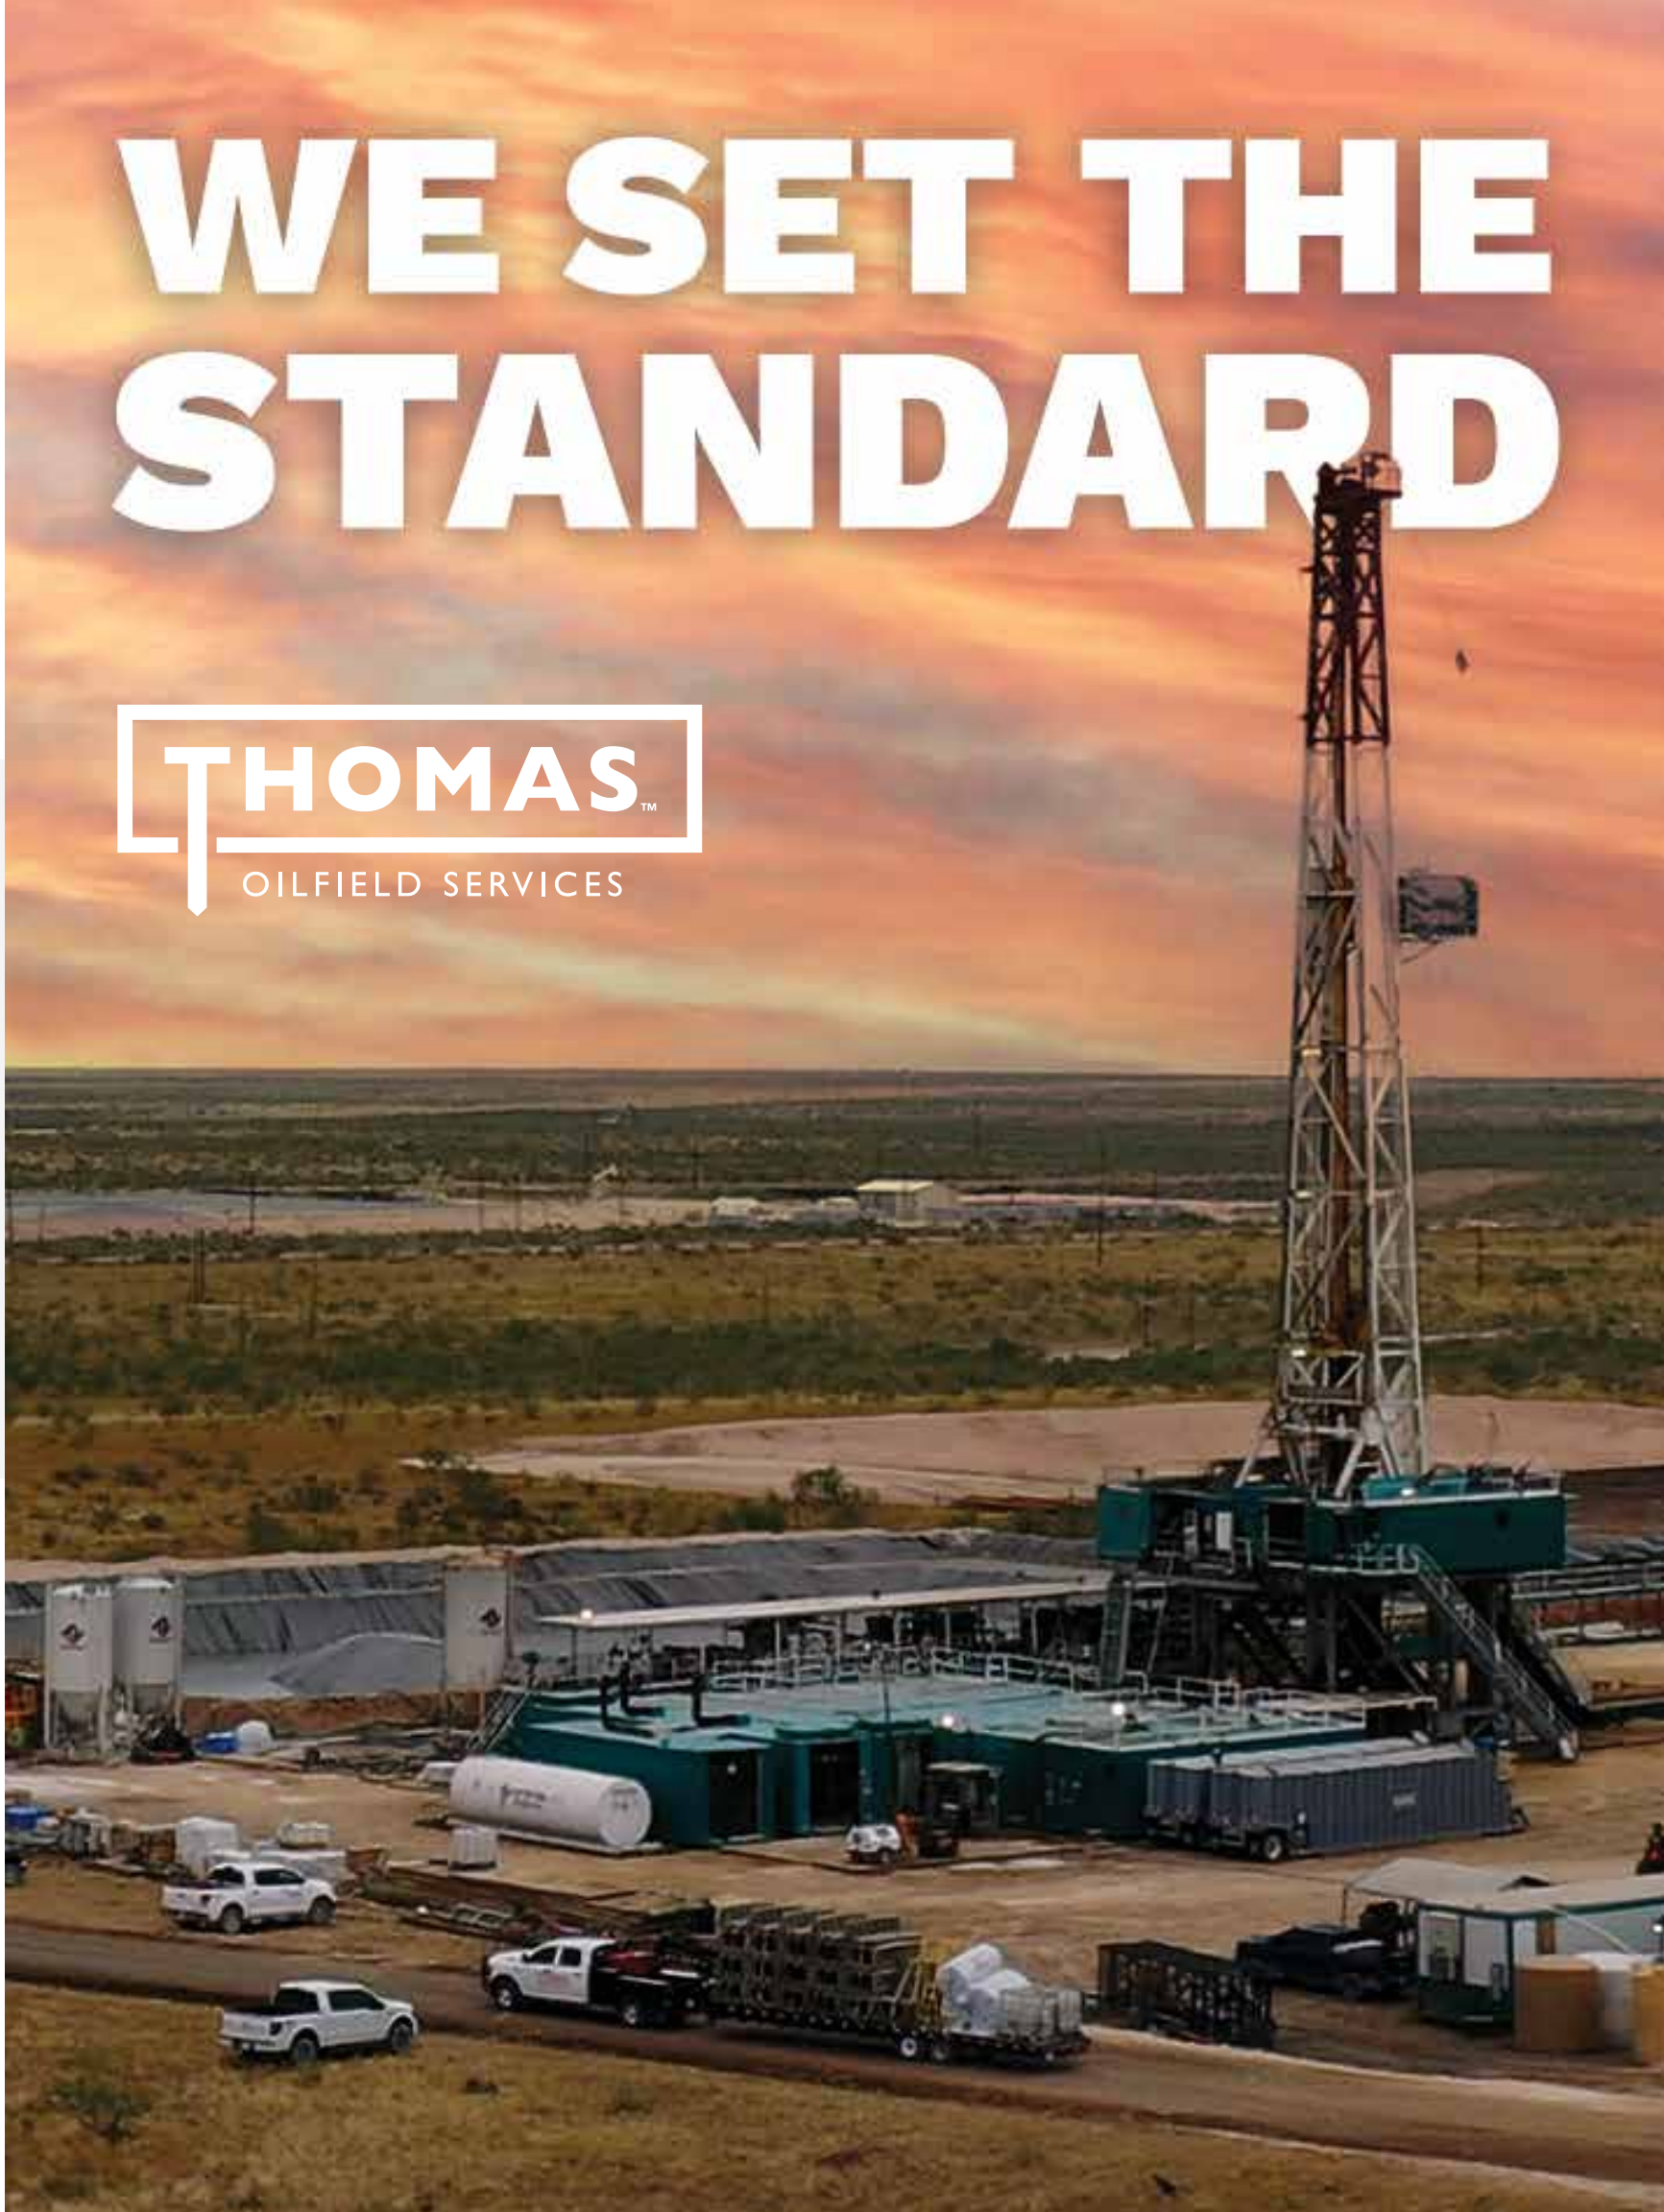

Flexible, Skid-Mounted Storage

KEY FEATURES

- 100-200 BBL CAPACITY
- FLAT AND ROUND BOTTOMS
- CLEANOUT LINES
- SKID MOUNTED

WE SET THE STANDARD

SAVES

EFFICIENT FLUID TRANSFER

BECAUSE UPTIME MATTERS

FRAC TANK 8X6 CIRCULATING PUMP

Optimized Pumping for Tank Circulation

KEY FEATURES

- OPTIMIZED FLUID TRANSFER EFFICIENCY
- SEAMLESS INTEGRATION WITH FRAC TANK SYSTEMS
- FLEXIBLE SOLUTIONS WITH ELECTRIC-POWERED OPTIONS

ELECTRIC FRAC TANK 8X6 CIRCULATING PUMP

Energy-Efficient Tank Circulation

KEY FEATURES

- ENERGY-EFFICIENT MOTOR <<
- VARIABLE SPEED CONTROL <<
- MINIMAL MAINTENANCE NEEDS <<

DIESEL TRANSFER PUMP

High-Flow Fuel & Fluid Transfer

KEY FEATURES

- 6" OR 4" HEADS
- HANDLES SOLIDS UP TO 4"
- MINIMUM FLOW RATE OF 500 GPM

ELECTRIC TRANSFER PUMP & VFD

Precision-Controlled Fluid Movement

KEY FEATURES

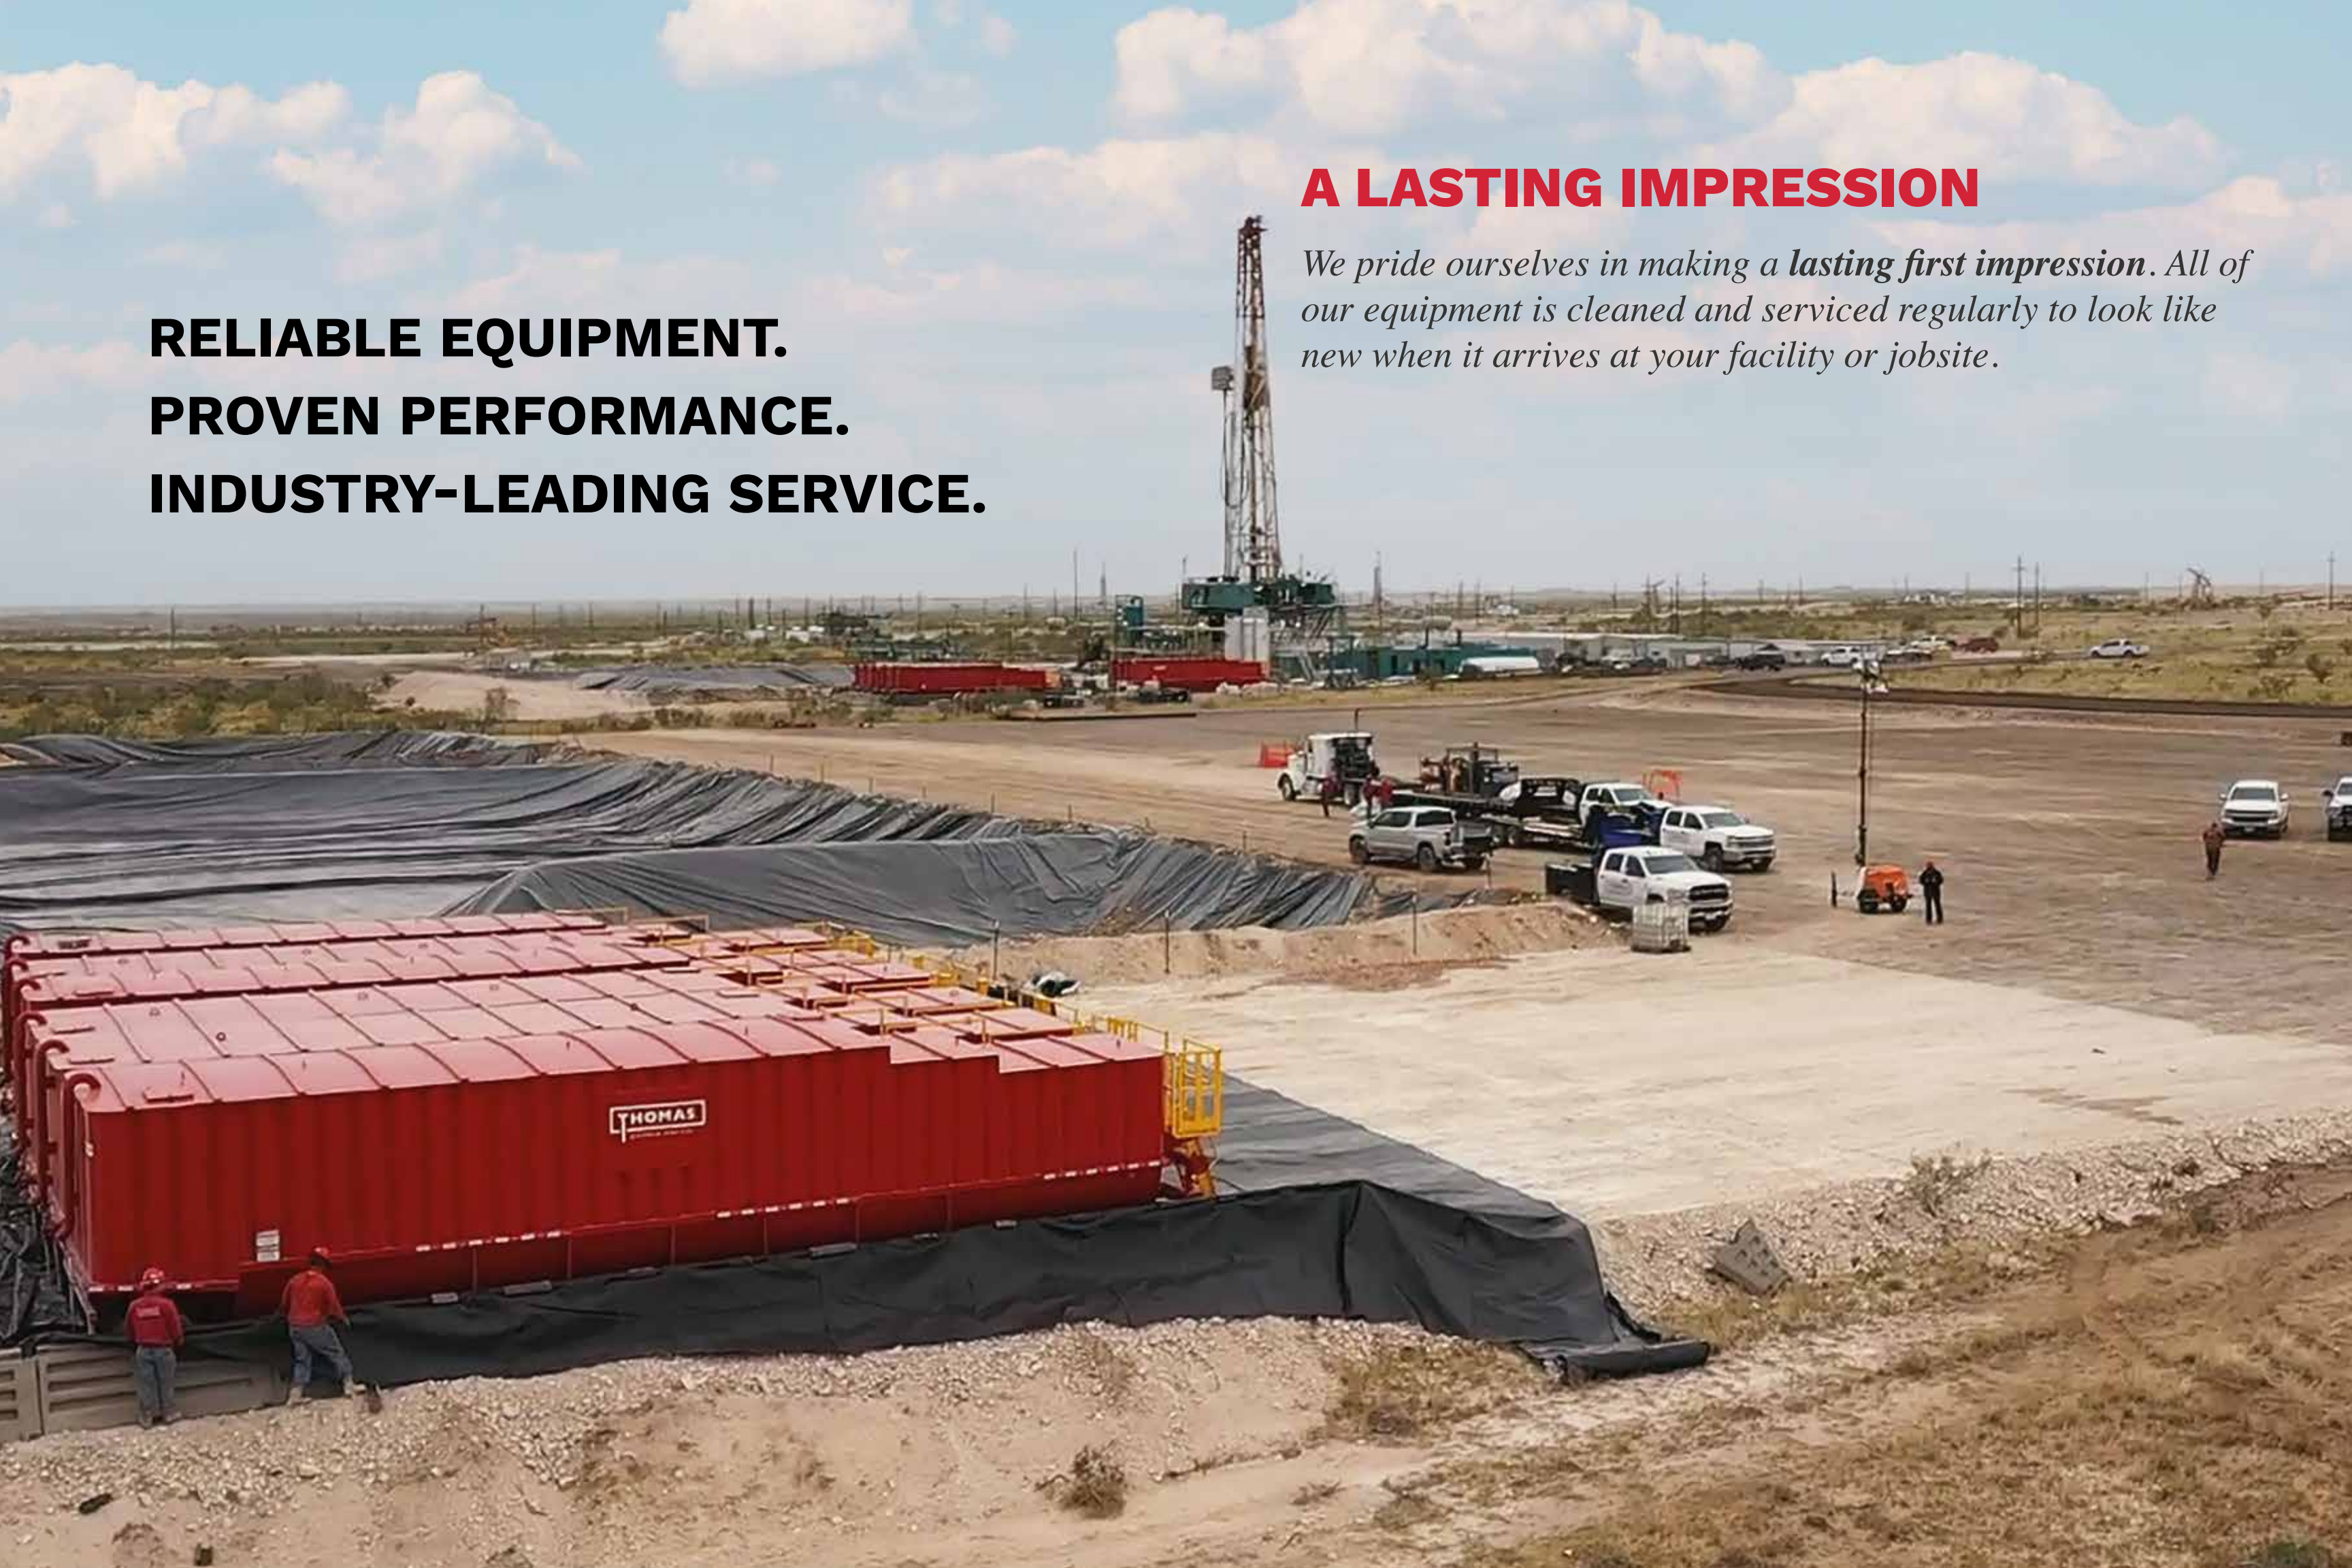

- PRECISION FLOW CONTROL <<
- SOFT START PROTECTION <<
- REAL-TIME MONITORING <<

A LASTING IMPRESSION

We pride ourselves in making a lasting first impression. All of our equipment is cleaned and serviced regularly to look like new when it arrives at your facility or jobsite.

WATER TRANSFER PUMP

KEY FEATURES

- HIGH-QUALITY, LOW HOUR
- VERSATILE POWER OPTIONS
- HIGH-CAPACITY PERFORMANCE
- 10X10 325HP TIER 3
- 10X12 600HP TIER 4

LAY FLAT HOSES

KEY FEATURES

- DURABLE CONSTRUCTION <
- AVAILABLE IN 12", 14", & 16" SIZES <
- RELIABLE PERFORMANCE <

THE CUTTING EDGE

TECHNOLOGICAL & OPERATIONAL EXCELLENCE

Thomas Oilfield Services offers comprehensive water transfer solutions that prioritize quality, safety, and environmental responsibility. Our services are supported by a team with decades of experience and include proprietary automation and cutting-edge technology to ensure efficient and sustainable operations.

WASHERS

SUPER VAC

Heavy-Duty Debris & Fluid Removal

KEY FEATURES

- ELECTRIC 480V EXPLOSION PROOF
- 30HP
- 2" & 3" SUCTION MANIFOLD
- 4" DISCHARGE MANIFOLD

DIESEL SKID-MOUNTED PRESSURE WASHER

Heavy-Duty Cleaning, Anywhere Needed

KEY FEATURES

- SKID-MOUNTED FOR EASY RELOCATION
- 100G SOAP TANK
- 275G WATER TANK
- DIESEL-POWERED BURNER AND ENGINE

DIESEL FUEL TRANSFER PUMP

Reliable On-Site Fuel Transfer

KEY FEATURES

- 110V ON/OFF EXPLOSION PROOF BOX
- 1"-2.5" DIESEL FUEL OUTPUT
- NO PRIMING NEEDED

ELECTRIC OR AIR SHAKER WASHER

Efficient Cleaning for Oilfield Equipment

KEY FEATURES

- 500PSI OPERATING PRESSURE <<
- COMPACT AND LIGHT-WEIGHT <<
- AIR-POWERED MOTOR OR INLINE AIR FILTRATION SYSTEM <<

ELECTRIC POWER WASHER

High-Pressure Cleaning with Zero Emissions

KEY FEATURES

- 480V
- EXPLOSION PROOF PANELS
- 4,000PSI @ 5.4GPM

FLARE STACK

Safe, Controlled Gas Combustion

Our Flare Stacks are built to meet the demanding requirements of the oilfield, offering reliable performance and safety-focused features. With flaring capabilities ranging from 6" to 12" pipe, they are designed for optimal control and efficiency. Dual spark generators ensure reliable ignition, while the optional hydraulic lifting mechanism provides easy setup and adjustment on site. Powered by a 110V system and equipped with a safety check valve, these flare stacks deliver durability and peace of mind for any project.

KEY FEATURES

- » FLARES FROM 6" TO 12"
- » DUAL SPARK GENERATORS
- » 110V POWER SYSTEM
- » SAFETY CHECK VALVE

VENT LINE DRIVE OVER

Seamless Vent Line Accessibility

Our Vent Line Drive Overs are built to withstand the toughest oilfield conditions, ensuring durability and ease of access. Designed for heavy-duty performance, they provide a reliable solution for protecting vent lines while maintaining operational efficiency.

KEY FEATURES

- » SIZES RANGING FROM 6" TO 12"
- » INCLUDES 4" PANIC LINE
- » 110V HARD-WIRED TO PREVENT DAMAGE
- » ENGINEERED TO ALLOW ACCESS FOR LARGE VEHICLES
- » LOW PROFILE DESIGN FOR ALL TRAFFIC

CIRCULATING MANIFOLD

Precision Flow Control for Efficient Fluid Circulation

KEY FEATURES

- HOSE RENTAL AVAILABLE
- SUCTION AND DISCHARGE COMPATIBLE
- 4” - 6” OUTPUTS - OTHER CONFIGURATIONS AVAILABLE

FLUID DRIVE OVER

Rugged, Reliable Fluid Line Access

KEY FEATURES

- SINGLES, DOUBLES, TRIPLES, QUADS
- LENGTHS RANGING FROM 15’ TO 40’
- INCLUDES 4” HARD LINES, 1” HARD LINES
- INCLUDES 110V TO PREVENT DAMAGE TO ELECTRIC CABLES

PORTABLE FUEL TANK

On-Site Fuel Storage and Supply

KEY FEATURES

- 150-300 GALLON CAPACITY <<
- SOLAR PANEL CHARGING <<
- 12V BATTERY SYSTEM <<
- SELF-CONTAINED POLLUTION PAN <<
- ELECTRIC FUEL PUMP <<

LIGHT TOWER

Portable, High-Performance Site Lighting

KEY FEATURES

- 6KW - 8KW <<
- DIESEL-POWERED ENGINE <<
- HYDRAULIC LIFTING <<
- 4 STADIUM LIGHTS <<
- WHEEL OR SKID MOUNTED <<

4” FLOATING PIT PUMP

Optimized for Efficient and Safe Fluid Management

KEY FEATURES

- 480V DOUBLE OR SINGLE PUMP OPTIONS
- SIZES RANGING FROM 4” TO 8”
- EXPLOSION PROOF PANELS
- INCLUDES MANIFOLD

EXCAVATOR

Heavy-Duty Power for Digging and Lifting

KEY FEATURES

- 33,000 LBS
- OPERATIONS AVAILABLE
- SMOOTH MOUTH BUCKET FOR DRILL CUTTINGS

3” DIAPHRAGM PUMP

Powerful Performance, Built to Last

KEY FEATURES

- 2” & 3” SIZE OPTIONS
- 275GPM
- CAPABLE OF SOLIDS/SLURRY

ELECTRIC CELLAR PUMP

Efficient and Safe for Rig Operations

KEY FEATURES

- 25HP ELECTRIC MOTOR
- 480V POWER
- EXPLOSION-PROOF PANELS
- 6” OR 4” HEAD OPTIONS
- MINIMUM FLOW RATE OF 500GPM

HYDRAULIC SUBMERSIBLE PUMP

Reliable Performance for Heavy-Duty Operations

KEY FEATURES

- DIESEL-POWERED
- 6” OR 4” HEAD OPTIONS
- HANDLES SOLIDS UP TO 4”
- MINIMUM FLOW RATE OF 500GPM

WHEN FAILURE ISN'T AN OPTION
RENT FROM THE BEST

READY TO RENT THOMAS OILFIELD SERVICES

Be prepared for every job with our dependable rental solutions. We deliver high-performance equipment designed to support safety, efficiency, and operational success across your job sites. Backed by expert maintenance and on-time delivery, our rentals ensure you stay on schedule and within budget.

CONTAINMENT

Solutions for Critical Oilfield Operations

Safety and compliance are critical in the oilfield industry. Thomas Oilfield Services offers durable containment solutions – liners, poly walls, and tanks – designed to manage spills, leaks, and environmental hazards while maintaining efficiency.

- 1'-3' POLY WALLS
- FOAM CONTAINMENTS
- 30-60 MIL LINERS MADE TO YOUR NEEDS
- STAIRS TO CROSS OVER
- INTERLOCKING WALLS AND CORNERS

OUR CORE VALUES

DEPENDABILITY

You can rely on us to arrive on time and to finish the job on time, and we will always be considerate of your facility and will treat it as our own. We use only the latest equipment and we keep it running at its best so you can have peace of mind when we arrive on the jobsite.

HONESTY

We are honest in our communication and in our actions. Our customer service staff is proactive in communicating with our crew and our customers to avoid any issues from arising. If an issue does arise, we will be open and honest about it and will communicate with everyone involved to get the issue resolved as quickly as possible.

INTEGRITY

We believe in managing our company with moral and ethical principles to ensure we are fiscally conservative and strong. By consistently acting with honor and integrity, we have developed a reputation of offering outstanding customer service.

SAFETY

Our commitment to safety starts with leadership. Assisted by a team of HSE professionals, our managers and crew supervisors serve as the first line of defense with the responsibility of ensuring that our workforce is up to date on all safety requirements.
